B. Senate Caucus

Khan wanted to talk about the issue of 22 seats that did not go through. She said there was an Ad Hoc committee in Senate that was analyzing who is in Senate and how the 22 seats could work. She said they had ways of analyzing, but they
said that students could have 11 seats. They suggested that instead of Faculty getting another 5 seats that students could have those extra 5 to have 16 seats for students in total. She wanted to bring this to council to get feedback.

Abawayj said that this discussion hasn’t been voted on yet, and that there is an opportunity for council to have discussions before voting and bring those to the SPGC. The Chair of senate, Kevin Hewitt, wanted to be here to talk about the history of senate composition and where we are now but he was unable to make it.

C. BOG

Abawayj said that a lot of the matters were in-camera so she cannot share details. George-Jim said that the last meeting was where they brought the tuition increase up. She also said that there was an offer for a financial planning committee that she wishes to have a seat on over the summer, that looks at sustainable future goals for the students and will keep the council updated. She also discussed her desires to reach students so they know what the Board is. Jeremy said he also has meetings coming up this week and will update council on information from those.

B. Halifax Typographical Union Motion

MOTION 2017-06-28: R02
Dalhousie Student Union – Council Meeting
Wednesday, June 28, 5:30 PM – Council Chambers

WHEREAS it is to the benefit of Dalhousie students that they have access to quality information on news, on political and educational news sources that impact their interests as post-secondary students;

This quality source of information has been absent for over 500 days since Halifax Typographical Union members began a strike at the Chronicle Herald, Nova Scotia’s primary newspaper. The Chronicle Herald had a dedicated journalist on topics related to post secondary students. A gap is apparent since the strike began. The lack of in-depth, quality journalism is having a negative impact on students at Dalhousie; their ability to make informed decisions is eroded, given this lack of information.

BE IT RESOLVED that the Dalhousie Student Union on behalf of its membership supports the resolution of this labour dispute and requests that the Minister of Labour and Advanced Education for Nova Scotia intervene in this matter to seek a resolution; in a gesture of solidarity with the journalists who are members of the Halifax Typographical Union, the Dalhousie Student Union shall make a donation of $5,000.00.

Divest Dal was also granted 10 minutes of speaking time, and as a result of that, there will be more conversations about this at the next board meeting.

Ryant talked about the Budget Consultations and asked Councilors to fill out the survey that Carolyn Waters has emailed to all Dalhousie University students. Abawajy added that there will also be a presentation about this to Councilors in the future.

7. REPORTS OF COMMITTEES

A. Board of Governors Caucus

Abawajy said that there has not been a Board meeting in the winter semester, yet.

George-Jim briefly talked about the Academic and Student Affairs meeting, she attended in December. A report distributed in that meeting had new statistics of the Mental Health services being used at Dalhousie University and the type of students using the services. The report results will help the Caucus understand how Mental Health services on campus will be different among different students experience.

The Caucus appointed three new deans for Engineering, Dentistry, and a third dean, George-Jim is not allowed to disclose. These deans are of the same demographic of most of the deans on campus, over 50 white and a man. There was difficult discussions about the hiring policies, however these discussions were helpful for board members as it provides them with a better understanding on how to move towards recognizing the institutional issues that the Caucus are facing. From the meeting, the Caucus created a long list of comments and questions for the Students Affairs department at Dalhousie and the Senate, as these departments are involved in working with the academic and hiring policies.

B. Senate Caucus

Khan said that the Senate haven’t meet during the break. The Senate will be meeting about a week’s time. Khan is arranging individuals to be on all sub-committees, through their schedule changes this semester. Khan hopes to fully tackle the Senate Structure and ensure that there are senators elected before the current Senate Caucus leaves.

C. Society Review

MOTION 2018-01-24: A02

The Chair received one amendment to the agenda that is relatively substantive, which requires a vote. A new motion under new businesses stating the following:

Whereas the Budget Advisory Committee December 15, 2017 report, recommended a 3% increase in tuition fees, international differential fees, and auxiliary fees, as well as a 1.8% cut for all faculty budgets;
Whereas tuition hikes and budget cuts negatively impact the accessibility and quality of education;

Whereas the Dalhousie Faculty Association is currently negotiating a collective agreement with the University in which it demands increased funding for faculties to lower the workload upon faculty, and improve the University’s comparability; therefore

Be it resolved (1) that the Dalhousie Student Union oppose any proposed tuition fee hikes and any proposed faculty budget cuts, both for this year and any future year; (to remove) for this year.

Be it further resolved (2) that the DSU support the complete elimination of tuition fees, international differential fees, and auxiliary fees;

Be it further resolved (3) that the Dalhousie Student Union express support for the Dalhousie Faculty Association’s demand for adequate faculty funding, lower workload, and improved comparability;

Be it further resolved (4) that the DSU’s External Committee work to mobilize Members to oppose any proposed tuition hikes or faculty budget cuts, and to support the Dalhousie Faculty Association’s demand for adequate faculty funding, lower workload, and improved comparability.

5. APPOINTMENTS

6. PRESENTATIONS

A. Dalhousie Student Advocacy Service

Rosalea Thompson (Executive Director, External) and Nora MacIntosh (Executive Director, Internal), members of the Dalhousie Student Advocacy Service (DSAS), presented a 15-minute presentation about what is DSAS, its mandate, its values, the statistics of DSAS, and the overall strengths and challenges DSAS faces. Intake forms and a year-end report 1991/92 were circulated around council members.

The DSAS Mandate is to help any student with the administrative process of dealing with allocations from the University. Most cases involve academic integrity and office meetings. DSAS also appears before the Senate Disciplinary Committee that involves academic allocations and Student Code of Conduct issues. DSAS represent both complaints and respondents before the Senate Disciplinary Committee.

As language barrier is a major issue for most international students; there is an issue of procedural unfairness within the university. DSAS has taken the responsibility to work with the International Student Center to provide students with translation services, as Dalhousie doesn’t provide translation services.

Students perceive DSAS members as lawyers but this is not the case. DSAS members are not able to provide any legal advice for students but can provide important information and they can make referrals. DSAS can only represent students before the University and not any other body.

The Challenges to DSAS:

External: the leading challenges are resources and funding, and time in adequately payment of the DSAS executives. Other challenges include overloaded EDI portfolio, spike in case load (especially for Nora’s (the internal executive director) position) and meeting the needs of international students.

Internal: challenges include operating policies (involving the DSU Council and DSAS to create and execute policies), advocates’ resources on complex cases, executive transitions and meeting advocates’ demands.

MOTION 2018-01-24: P01

BE IT RESOLVED THAT to add 5 minutes to the presentation section for questions.

Moved: Abawajy Seconded: Khader

MOTION 2018-01-24: P01 CARRIED

7. REPORTS OF COMMITTEES

A. Board Caucus

Abawajy said that the Board has not met since the last council meeting.
Ryant attended a Capital project meeting and a Biomass project meeting. He is excited with the outcome of both meetings, as good results are perceived for both projects.

George-Jim mentioned during their last meeting, they were reflecting on divestment and doing groundwork with students on how the board can actively support and make divestment accessible to students. At the same time how the board can foster relationships with committee members. The ultimate goal is to bring divestment to the table in a more intimate setting for committees.

**B. Senate Caucus**

Khan said that they didn’t have a senate meeting because the faculty attended the administration report meeting, which included an inclusion and diversity training.

SLTC (Senate Learning Teaching Committee) have met last week. The senate has been working on the structure of the senate caucus and making sure there is proper support in place to ensure students are represented on the senate. With the new addition of the four extra seats, they increased their representation by 2%. It is important that they make sure who is sitting on these seats are going through an equity lens as senate diversity doesn’t exist.

**C. Society Review**

Hughes said that they now have 341 societies, which is great as the Society Review committee is close to their goal (365 societies). The society review haven’t meet yet since last council meeting. They will be working soon on the Society Caucus’s base of allocations for next year.

**D. Grants and Sponsorship**

Khoury said that the committee met two weeks ago and they are planning to meet again. They have exploited and used 65% of their funds. She encourages the board members to reach to their constituents to apply for Grants and Sponsorship before they close. She will update the board once the committee reaches capacity.

**E. Elections Committee**

The Chair received a request from the chair of the election committee and chief return officer to submit a report, which was circulated in the Council Package.

Alex, the chief returning officer, first point is that in the past minutes there is a mistake in regards to the election-voting period. It was agreed during December 6, 2017 (Council meeting) that voting period will be only 2 days but on the minutes it was mentioned the period is from 12 March to 24 March, which he says is a mistake. Khan asks if the minutes can be amended. The Chair will amend the minutes the minutes of December 6, 2017.

The second point is to have an online platform for election, and therefore an online signature rather than a physical paper form signature. So, Abwajy
mentioned to Alex, before this council meeting, that in regards to having a physical signature in part of the initial referendum to set a propellant as an online electronic signature, the Election Committee would need a 3rd party position say on this change. However, when the Election Committee voted on this, there was some complications as the election committee should not vote on this change, it is not their decision. Alex wants clarification.

MOTION 2018-01-24: R01

BE IT RESOLVED THAT to add a discussion item under New Businesses in regards to the upcoming general election.

MOTION 2018-01-24: R01 Failed

Abawajy wants to clarify her position on signatures. Electronic signatures have not been done before, and they would need paper signatures. The reason for paper signatures is based of the ruling that the Chair has made in the past council meetings and signatures are a fundamental of the bylaws, so it would be a decision for Council and not a decision made by Abawajy or the Election’s Committee.

Alex Li mentions that he was under the assumption that the position of online signatures was on the Election Committee and the committee is upset with Alex due to critical dependency. Overall there are some policy issues.

George-Jim answers Alex concerns and mentions that this coming elections still has the same issues in place as previous elections. George-Jim would hope this coming election to not to be void and that it goes through the work of the Election Committee, the CRO and the DRO. As this process will build these campaigns for referenda questions so societies will not face problems of misinterpreting the policy. It is better to follow the policy and ensure the legitimacy of the referenda question so the questions can be brought to the Board of Governors once the election is finished. It is a procedural error when something is misinterpreted from the bylaws as the bylaws override any decision made at a subcommittee level such as the Election committee.

Khan is aware of the benefits of having electronic process. So Khan states two things, first to extend the time for societies so they can make up lost time and societies are ensured their referendum is submitted. Second, if the Election Committee can mention electronic signatures in a report and task Council/DSU to find a solution for this in the future.

Alex wants to add two items to the next meeting Agenda (February 7, 2018).

1. “The ratification of New Councillor(s)” as a standing item on the Council’s meeting agenda until all vacancies are filled.

2. “The review and approval of referendum question(s)” as a standing item on the Council’s meeting agenda until all referendum questions are processed.

7. REPORTS OF COMMITTEES

A. Board Caucus

Abawajy said that the board will be meeting next week. In their next meeting, the committee will be putting forward a motion related to divestment, on how to have a full conversation about divestment at the board level. The Board Caucus have been working closely with Divest Dal to put together a divestment package.

George-Jim mentioned that the motion is not to vote on divestment. The purpose of the motion is to investigate the potential impacts of divestment on Dalhousie’s different community stakeholders from investors, faculty members to students. The motion refers to the investigative work to committee levels. The Board’s goal is to have a more in-depth look into what divestment could mean for Dalhousie. George-Jim encourages people to attend the Board meetings as the meetings
are open to the public and students are welcome to attend. The Board meetings are on Tuesday at 3pm at the Macdonald Library located in the Macdonald Building.

B. Senate Caucus

Khan said that senate has not meet and will meet the coming Monday. The meeting will have Senate Caucus this coming Sunday to talk about the package and to look at the bylaw changes that is happening to the committee. Senate sub committees will be meeting.

Khan responds to a question from George-Jim on how many seats on Senate that are generally elected. Khan mentions that there are eleven seats in total. Four of the seats are mandated and non-negotiable which are in the Senate policy; the DSU President, DSU VP Academic and External, a graduate student and an agricultural representative represent the four seats. The rest of seats are open as the Caucus is supposed to be composed of all faculty seats. The Caucus needs to ensure that all of their community members’ voices are expressed and represented on Senate.

C. Society Review

Hughes said that there is not much to report. So far there are 312 societies. The committee didn’t meet as there was not any new application submitted however, they will be planning to meet next week to start working at the Society Space allocation for May.

D. Grants and Sponsorship

Khoury said that the committee didn’t find a neutral meeting time in the past week but they will be meeting shortly. Khoury highly encourages folks to reach out to their constituents to apply for grants and sponsorships as the committee are reaching capacity of their budget.

E. Elections Committee

The election committee did not have a report to present.

MOTION 2018-02-21: P04

BE IT RESOLVED THAT to temporarily suspend point 19.4 under the section of Notice of Motion in the Unions Rules and Procedures Policy.

Moved: George-Jim Seconded: Abawajy

The Chair states that the motion is not debatable and not amendable. The motion requires a 2/3 vote. Since there are 14 council members present, the motion would need 10 people to vote towards it. However, Khader
and Erb refuse themselves from voting, so the motion would need 8 people to vote towards it.

The rule being suspended is under Notice of Motion “19.4 Business requiring a notice of motion includes, but is not limited to, proposed changes to the Constitution, policies, or levies.”

MOTION 2018-02-21: P04 CARRIED

Macdonald informs the Chair that Motion P04 goes against the bylaw 10.3 Policies Are Binding, “a. Policies are binding on Executive Officers, Union staff, Council, and Members. b. Policies remain in effect until such a time that they are amended or repealed as per these Bylaws”.

Chair states that Bylaw 4.5 Meetings of Council reads “a. All meetings of Council shall be conducted in accordance with Robert’s Rules of Order, except as otherwise provided for in these Bylaws.” This Bylaw means that when bylaws come into contact with Robert’s Rules of Order, the bylaws supersede. 10.3 Policies are Binding reads “b. Policies remain in effect until such a time that they are amended or repealed as per these Bylaws.”

The Chair rules that Bylaw “4.5 a. All meetings of Council shall be conducted in accordance with Robert’s Rules of Order, except as otherwise provided for in these Bylaws,” creates a clear case in which Roberts Rules are superseded by the Bylaws. The Bylaws do describe the policies as binding except until they are amended or repealed as per these bylaws. The Chair rules that Motion P04 requires 48 hours of Notice before the meeting, so Motion P04 Is invalid as it contravenes with the bylaws.

MOTION 2018-02-21: P04 FAILED

Votes on the Referendum Questions cannot occur today because of Union and Rules Procedures section 19.4. Council can have discussion about the questions but can’t approve any referendum questions.

6. PRESENTATIONS
7. REPORTS OF COMMITTEES
   A. Elections Committee
      The Election Committee has not submitted a report.

Khan has a concern with the structure of the debate, in regards to students not given the opportunity to ask questions during the debate. Khan believes this is creating a barrier to students to talk to their future representatives. She raises a general question on how the Elections Committee is going to fill three hours of a debate, if students are only allowed to submit questions in advanced.

A member of the election committee mentioned that about two and a half weeks ago the committee officially decided to have the questions posted at the debate. At that time, each of the committee's member were designated a certain social media platform to be in charge of. They have done their best to advertise that the committee will be accepting questions prior to the debate on all platforms of social media that were available like Instagram, Snapchat, Facebook, and Twitter. As of right now, they only received one question from the student body after three weeks of advertising. The Elections Committee will be having a Q & A in the next following weeks; the date has not been finalized yet. All students who attend and participate in the Q&A will be able to have their question vetted by the Election Committee Members, making sure the questions are appropriated to be asked at the venue and therefore all candidates will be asked the questions at the debate.

The Elections Committee has advertised for the past two to three weeks, for students to submit their questions at the Q&A sessions. During the sessions, students will submit the question at the door by writing it on a piece of paper, which will be vetted through Elections Committee and submitted to the moderator of the debates. Given there is time for questions, in the three-hour debate, the moderator will also create questions and follow up questions for the candidates during the debate. If students have questions during the debate, they would need to submit the questions through social media, which will then be vetted, submitted and approved by the moderator of the debate. The questions will then be asked to candidates.

At the start of every single debate, the moderator will read a statement describing what the debates are for which is advocating positive change for the DSU. When the committee receives questions, they are not looking for ideas to censor but making sure that language is appropriate, respectful and not offensive on behalf of any candidate or any groups of people that are being represented. The committee is only vetting questions that are insulting and
disrespectful. They will not vet out questions that are free of speech. There will be no censoring in terms of discussion of ideas or actions in a healthy debate.

6. PRESENTATIONS

7. REPORTS OF COMMITTEES

A. Elections Committee

No representatives of the Election Committee were present during this meeting.

B. Board Caucus

George-Jim said that after the Board Caucus meeting in February, they have been following up with many board members. They brought forward a motion to the Board Caucus, however only half of it got approved. The part that got approved was that the Finance and Audit in Investment Committee would look into hiring an external third party Finance investigation into what divestment could mean for the university. George-Jim stated that this is a great first step to have back from the table. The second part that wasn’t approved was delegating to the committees of the board to look into how divestment would specifically affect their committee and their communities within them. She believes the Board Caucus is moving in an incredible direction with the relationships that they are building, and students really see themselves in what the Caucus is discussing.

C. Senate Caucus
Khan was not present during this meeting.

D. Society Review
Hughes said that they have achieved their goal of 365 societies. The 365th society is By-Caucus.
Hughes shared that the Society Committee was presented with a notification that a society has broken Society Policy and a few other policies. The Society Review Committee brought forward a motion to Council advising that Council disciplines the society.
Also Hughes mentioned that during the committee's last meeting they reviewed the society space allocation process and they have a few things they want to edit. The committee is open to feedback and they will have something on the DSU website that will help societies provide the Committee with feedback.

E. Grants and Sponsorship
Khoury mentioned that the last meeting was two weeks ago. The committee awarded several sponsorships to societies' fun galas and events. This year, the committee awarded both a grant and a sponsorship to the Spanish Society as they had a financial hiccup. The grant and sponsorship was for their large event La Velada

8. NEW BUSINESS
A. Rick Mehta
MOTION 2018-03-07: P01
The Dalhousie Arts and Social Sciences Society (DASSS) strongly condemns trivialization of Indigenous experiences of genocide at the hands of the Canadian colonial government, stigmatization of transgender people, and promotion of sexist discrimination or stereotypes. DASSS sends our voice in solidarity with Acadia students who are impacted by Acadia University's slow response to public concerns regarding Rick Mehta and hesitancy to address and discipline him for his actions. On behalf of the society, we reaffirm our dedication to upholding the rights of Indigenous and transgender students, as well as all female students, and call for more institutional accountability for the actions of professors of our Nova Scotian higher learning institutions. DASSS wishes to protect the safety of students and their right to not feel targeted within their own classrooms and universities. We call upon all Nova Scotian universities to fulfill their responsibilities to affirm these rights for their own students through transparency and accountability.

DASSS fully supports emphasizes the importance of supporting transgender, non-binary and two-spirit peoples, who are most likely to face hate-based violence due to discrimination and ignorance. As well, we wish to recognize the struggles that women, especially BIPOC women, face in academia due to the perpetuation of harmful stereotypes. We additionally want to remind all university students and staff that Gordon Residential School in Saskatchewan, Canada's last residential school, was closed only 22 years ago in 1996. These tools used
by the government to commit genocide are not ancient history, but rather the reality for thousands who were taken from their homes and cultures. We believe that as educational institutions, universities have a responsibility to recognize and uphold information which is widely academically considered to be up-to-date and factual regarding these sensitive societal, historical, and cultural issues. Further, we believe that professors within our universities share this same responsibility for academic integrity.

BE IT RESOLVED THAT the DSU endorse DASSS's Rick Mehta motion, in support of marginalized students at Acadia University
