Report to Board of Governors
November 28, 2017

Since the October Board Meeting, I have taken the opportunity to meet with more Board Members in hopes of developing a deeper understanding about the ideas and priorities that drive Board decisions. Additionally, I had an enlightening meeting with Ian Nason, VP Finance and Administration. Ian walked me through the 'ins and outs' of capital projects on campus – from their conceptualization, to their financing and operation.

In the coming months, I look forward to developing strong working relationships with all of my Board colleagues. With this spirit of cooperation in mind, I also hope to spearhead opportunities for Board Members to interact directly with the student body at Dal. The more we understand about each other, the better stewards we can be to the institution!
